

Join us on the second Sunday of every month for

# FAMILY CLAY DAY

11:00 - 3:00

For only \$12.00 per project, you can experience the potter's wheel or try using several different hand building techniques to create your masterpiece. Before it goes into the kiln for the first firing you add the final touch of color. Each piece is fired, then clear glazed by Kids 'N' Clay staff and returned to the kiln for the final firing. In about two weeks your piece(s) are ready to be picked up.

*All materials and firing is included in the price.*

In addition, you will receive **20% off** any piece of ceramic from our Paint-Your-Own Ceramic Studio.
